

Fort Myers Community Redevelopment Agency (CRA)

Home Improvement Matching Grants

Available to Homeowners located in the Franklin/Carver area of the Dr. Martin Luther King, Jr. Boulevard (MLK) redevelopment area

The Fort Myers CRA is offering a Home Improvement Matching Grant Program. This program is designed to help you improve your property's appearance. Improvement and upkeep are an essential part of home ownership, and help maintain a positive image for the entire neighborhood.

Funds are available for:

- Deteriorated exterior building materials removal, repair or replacement (such as plywood, metal glass, or stucco)
- Painting home exterior
- Exterior landscaping, planters, irrigation & screening
- Exterior lighting

How it works:

- Prior to having any work done, get two professional estimates from licensed & insured companies
- Contact the CRA staff for application & eligibility
- Once your project is determined eligible, have the work done
- Submit all required documentation to the CRA for matching funds
